

SEASIDE DUNE

Bring the tranquility of the coast indoors with Seaside Dune. This Shaker-style cabinet in a soft, sandy hue pairs timeless craftsmanship with modern simplicity, creating a look that's both serene and sophisticated.

FEATURES AND BENEFITS

- Shaker-style frameless cabinet for a streamlined look.
- 3/4" furniture-grade plywood box construction, thicker than industry norms.
- InvisaGRIP, our hidden joinery technology, ensuring a beautiful finish with no visible fasteners.
(Available only on Seaside Dune.)
- Metal corner brackets provide for a stable and long-lasting foundation.
- Base cabinets have 15-3/4" deep shelves with 4-sided edge-banding and metal clips.
- Matching interior and exterior finish for a flawless look.
- Full overlay door and drawer fronts with a robust mortise and tenon construction for strength and durability.
- Multi-layered painted door and drawer with solid wood frame and a flat recessed MDF center panel.
- 5/8" solid natural wood drawer box with four dovetail joints, the strongest joint in woodworking.
- Concealed under-mount drawer glides with full extension for complete access to the drawer contents.

- The 6-way adjustable soft-close mechanism allows drawers and doors to close smoothly and silently.
- Concealed quick-release door hinges for swift easy door removal, great for appliance maintenance and cleaning.
- KCMA Certified, meeting and exceeding high industry standards for quality and durability.
(Applies to assembled cabinetry only.)
- CARB 2 compliant certified to meet reduced emission standards for a safe environment.
- Available with glass-ready door option.
(Glass and clips not included.)
- Decorative trims and molding are available.

INSTALLATION AND MAINTENANCE

- Suitable for all indoor room applications.
- Easy to clean. Cabinets can be cleaned with water and mild soap.
