

Clean with a microfiber cloth moistened with warm water and or a soft sponge. Use regular mild domestic cleaners or soaps that have no abrasive ingredients. Then wipe with a soft cloth and fresh warm water to remove all traces of the cleaning product and to prevent streaking. Dry the surface with clean, absorbent cloth or paper towels.

AVOID THE FOLLOWING CLEANING PRODUCTS:

- Scouring and abrasive agents (abrasive powders, scouring pads, steel wool).
- Polish, washing powder, furniture cleaner, bleach.
- Detergents with strong acids and acidic salts.
- Steam cleaning equipment.

 **CAUTION:** Storing open containers of caustic chemicals inside the cabinets can be corrosive to the hinges and is not recommended.

Core materials used
are sourced from
ECC Certified Manufacturers.
